Student Support Services Parent Forum Survey

Student Support Services at the Para Hills Education Office works with preschools and schools where there are children and young people who have particular educational support needs. To further support parents and families, they are planning a series of free, accessible parent forums to help inform and support parents and the local community on a range of topics including supporting children with a disability and complex behaviour.

To ensure we provide the most relevant and useful sessions we ask that you complete a short online survey by scanning the QR code below.

Thank you for taking the time to complete this short survey.

OVERDUE

School Fees

School fees are **OVERDUE**, please ensure that you make your school fee payment as a matter of urgency or if you believe you are eligible for school card please apply online via <http://www.sa.gov.au/education/schoolcard>.

It is important that school fees are paid to allow valuable equipment and resources to be purchased for our students. With the \$100 cashback from the Government the fees come down to \$187 for each child for the year, which is incredibly good value.
